### Work:

Sam - Implemented aspect and design elements to the prototype, edited paper for flow and grammar

Scott - Wrote the experiment questions, created the control quizlet, created questionnaires

Aaron - Motivation and Engagement section, provided key gameplay mechanics to game

Phillip - Experiment Section, Added assets and feedback to game

### Meetings:

After almost every class we have a short scrum to talk about plans for next steps. On the weekend we are in contact constantly in a group discord so that everyone stays on the same page, and anyone can help with a problem or question.
